Establishing a framework for exposure science certification: Enhancing professional competencies and strengthening exposure science identity

> Gerald Bachler, Alison Connolly, Natalie von Goetz, Steven Verpaele, Maryam Zare Jeddi

https://ises-europe.org/

## Overview

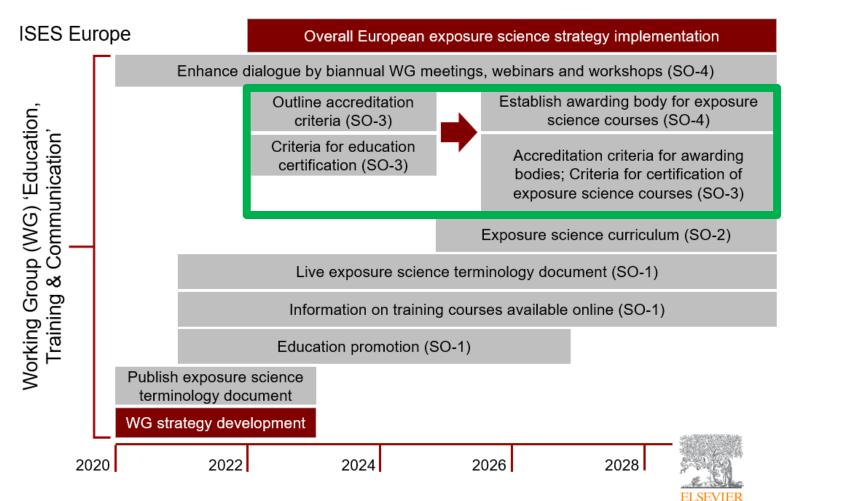

- Background
- 9 Domains of Expertise (DoE)
- Proposed certification approach
- Training repository
- Questions to the audience
- Next steps

## Why do we need a certification system

- Support awareness
- Support creation of an (ES) identity
- Establish a recognized profession
- Improve the competency of Exposure Scientists
- Introduce a quality control system

Environment International Volume 168, October 2022, 107477

Framework for developing an exposure science curriculum as part of the European Exposure Science Strategy 2020–2030

Alison Connolly <sup>a</sup>  $\stackrel{\otimes}{\sim}$   $\stackrel{\boxtimes}{\sim}$ , Paul T.J. Scheepers <sup>b</sup>, Marie A. Coggins <sup>a</sup>, Theo Vermeire <sup>c</sup>, Martie van Tongeren <sup>d</sup>, Gerhard Heinemeyer <sup>e</sup>, James W. Bridges <sup>f</sup>, Susanne Bredendiek-Kämper <sup>g</sup>, Yuri Bruinen de Bruin <sup>h, 1</sup>, Anne Clayson <sup>d</sup>, Johannes Gerding <sup>i</sup>, Josephine McCourt <sup>j</sup>, Jan Urbanus <sup>k</sup>, Susana Viegas <sup>l</sup>, Natalie von Goetz <sup>m, n</sup>, Maryam Zare-Jeddi <sup>c</sup>, Peter Fantke <sup>o</sup>  $\stackrel{\otimes}{\sim}$   $\stackrel{\boxtimes}{\sim}$ 

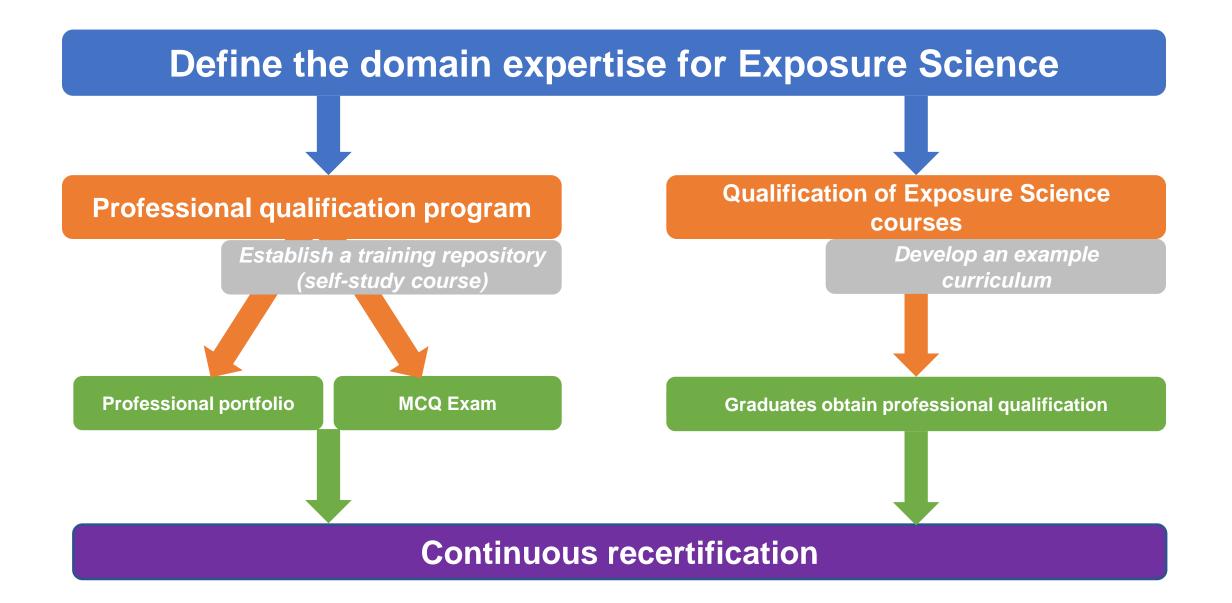

## Based on similar organisations

- International Board of Environmental Risk Assessors (IBERA)
- International Certificate in Occupational Hygiene (ICertOH)
- European Register of Toxicologists (ERT)
- and others...

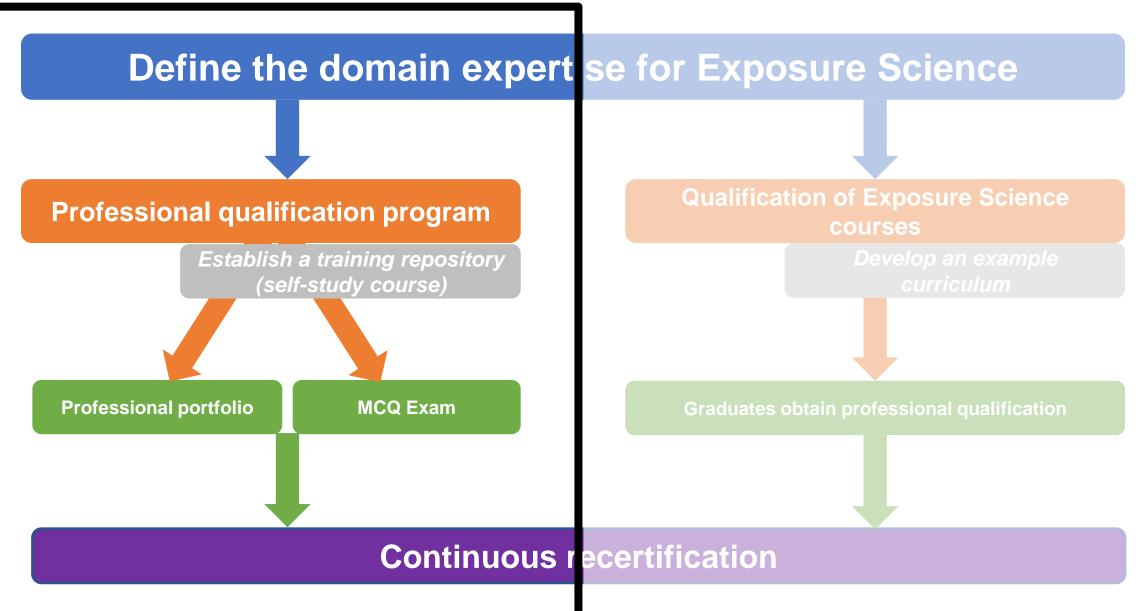

## 9 Domains of Expertise (DoE)

Basic competency (Familiarity)	1	Basic concepts and principles in exposure science
	2	Fundamentals of environmental chemistry and (eco)toxicological
Core competency (Expertise)	3	Exposure modelling
	4	Exposure monitoring
	5	Exposure assessment and risk characterisation
	6	Risk management and sustainability assessment
Elective Competency (Specialisation)	7	Relevant legislative frameworks
	8	Risk communication and stakeholder engagement
	9	Statistics and epidemiology

## **Registry of certified Exposure Scientist**

- Certified Exposure Scientist will be listed in ISES database
  - Publicly available\*
  - 3<sup>rd</sup> party enquires\*
- Certificate will be issued

\*if approved by individual

## Training repository

For each of the 9 Domains of Expertise (DoE)

- Expert/Domain Lead
- Introduction lecture created by ISES Europe (1-3 hours)
- Regular Q&A session
- Key literature (3-5 references)
- Syllabus

- Additional references
- Additional training material

# Training repository

For each of the 9 Domains of Expertise (DoE)

- Expert/Domain Lead
- Introduction lecture created by ISES Europe (1-3 hours)
- Regular Q&A session
- Key literature (3-5 references)
- Syllabus
- Additional references
- Additional training material

Basis for examining practising Exposure Scientists

## Mentimeter poll

https://www.menti.com/

### Join at menti.com Use code: XX XX XX X

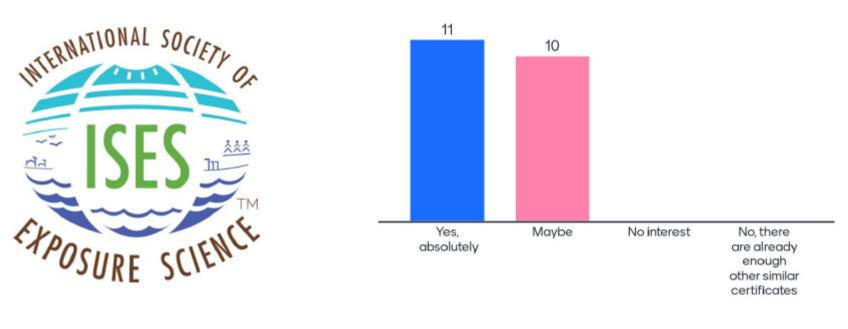

## Question 1:

Do you think a certificate for Exposure Scientist is needed:

- 1) Yes, absolutely
- 2) Maybe
- 3) No interest
- 4) No, there are already enough other similar certificates

### Do you think a certificate for Exposure Scientist is needed:

## Question 2:

How accessible should such a training repository and certification scheme be:

- 1) Only ISES Europe members
- 2) All ISES members
- 3) Everybody, but the Exam should only be offered during ISES meetings

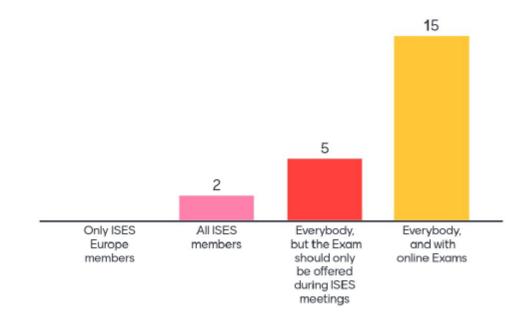

Everybody, and with online Exams

Mentimeter

How accessible should such a training repository and certification scheme be:

22

## Question 3:

Would you (or your employer) pay for such an Exposure Science certificate:

1) No

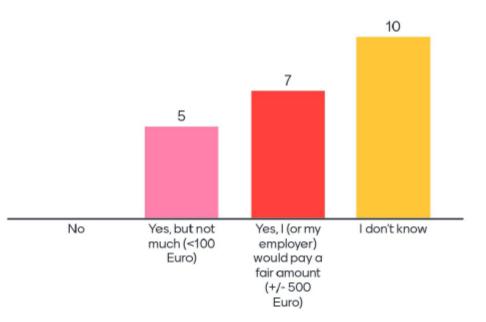

- 2) Yes, but not much (<100 Euro)
- 3) Yes, I (or my employer) would pay a fair amount (+/- 500 Euro)

#### l don't know

## Would you (or your employer) pay for such an Exposure Science certificate:

2

### Next steps

- Define objectives and learning resources for each DoE
- Create introduction lecture for each DoE
- Finalise proposal for certification process (incl. recertification) for practising Exposure Scientists
- Set up a certification board

Offer certification for practising Exposure Scientists

## Looking for input and support

- New members to the working group are welcome
- Expert/Domain Lead for the 9 DoE
- Support creation of introduction lectures for each DoE
- Material for the training repository
- Or simply share your thoughts...

# Thank you very much for your attention!
